- 1.2 The total hour requirement can be completed in any variety of ways. For example, volunteering for one day at the event, or two half days at different events. - 1.3 Each volunteer will be responsible for contacting the respective organizer(s), coordinating their own volunteer efforts, and obtaining confirmation from the organizer, event secretary, or other designated person. - 1.4 Eligible Registrations (see section 2 for Eligibility Requirements) will be accepted and listed as "Pending Volunteer Requirement" until receipt of the Volunteer Confirmation Form. Points earned will only be considered "official" when volunteer hours are received and confirmed.**

3.2 Within each level entered, horse and rider combinations may only enter one division (Open, Adult Amateur, etc.)

3.3 All points earned at a given level (Novice, Training, Modified, Preliminary, etc.) will count towards your selected Year End division (Open, Adult Amateur, etc.) in that level. It is not required to compete in the Open division of a Horse Trial for your points to count toward the Open division of the Year End Awards Program.

3.4 The following Table describes the fee structure for the Year-End Awards Program:

Description	Amount	Total *
Program Registration (Required per level entered)	\$20.00	\$20.00
Late Fee (per horse/rider combination) For applications postmarked from July 1 st to August 15 th	\$25.00	\$45.00
Late Fee (per horse/rider combination) For applications postmarked from August 16 th to September 30 th	\$50.00	\$70.00
Late Fee (per horse/rider combination) For applications postmarked from October 1 st to October 15 th	\$100.00	\$120.00

* Total column is for one horse/rider combination registering for one division/level (Open Preliminary, for example.) Additional levels entered would require \$20.00 Program Registration Fee each. The Late Fees are for a horse and rider combination, regardless of number of divisions entered. Each separate horse and rider combination being registered after June 30th will incur the applicable late fee.

3.5 No applications will be accepted after October 15th.

4 Points Calculations

- 4.1** *Points awarded at Area II Championships will be doubled at each level.*
- 4.2** *A horse trial offering split divisions points will be awarded at cross-country level ridden. (for example N/T division – Training dressage test, Novice cross country & Training stadium jumping test – points will be awarded at Novice Level)*
- 4.3** *In the event of a tie, the winner will be the horse/rider combination with the highest number of first place points. If still tied, points will be compared at second place and below. The horse/rider combination with the most number of points at the highest place will be the winner. If still tied, starter numbers will be compared and the horse/rider combination placing above the greatest number of starters will be the winner.*
- 4.4** *Points will be awarded for all levels according to USEA point system. If entered into USEA Area II Year End Awards program in a Junior/ Young Adult Rider or Adult Amateur division, USEA Upgraded Placings/Points will be assigned, For divisions that are not designated as Amateur or Junior, the USEA will 'pull out' the professionals and upgrade the amateurs, Young Adult amateurs, and Juniors in placing. For example, if an amateur rider who has declared their amateur status on their USEA membership and a 13 year-old Junior rider place 4th and 5th respectively behind three professional riders, they will be upgraded to 1st and 2nd respectively and receive leaderboard points for 1st and 2nd.*

Junior Upgrade Placing/Points (JR)

- Applies only to those 18 (to the end of the calendar year turning 18) and younger, participating in non-Junior/Young Rider designated divisions.
- Points apply only toward the “Junior” Leaderboard, having met all other eligibility requirements.
- Upgrade placing/points is determined by the placing of non-amateurs in the division, not age of the rider.

Amateur Upgrade Points (AM)

- Applies to those who have declared Amateur Status with the USEA for the current competition year.
- Points apply only toward the “Amateur” Leaderboard, having met all other eligibility requirements.

Young Adult Rider Upgrade Points/Placings (YA)

- Applies only to those from the beginning of the calendar year turning 19 to the end of the calendar year turning 21 and have declared Amateur Status during the current competition year, participating in non-Young Rider designated divisions.
- Points do NOT apply to any leaderboard category at any level because the Young Adult Rider Leaderboards are based solely on a rider’s age, not amateur status.
